

Safeguarding

At Wardle Anderson Brass, we are fully committed to safeguarding and promoting the welfare of all our members, especially children, young people, and adults at risk. We believe that everyone has the right to participate in music-making in a safe and supportive environment.

We follow the safeguarding standards set out by Brass Bands England (BBE) through the [BandSafe](#) framework and ensure that all members, volunteers and staff understand their responsibilities in keeping others safe.

To learn more about our safeguarding approach, please read our full Safeguarding Policy.
